Summary

Software Engineering undergraduate skilled in Python, Django, and REST APIs, with hands-on experience building AI-powered and full-stack applications. Solved 300+ DSA problems and passionate about developing scalable backend systems and real-world software solutions.

Skills

Programming Languages: Python, C, JavaScript, C++, Java

Backend Technologies: Django, FastAPI, REST APIs

Frontend Technologies: React.js, HTML5, CSS3

Databases: MySQL

Developer Tools: Git, GitHub, Streamlit

Computer Science Fundamentals: Data Structures & Algorithms, OOPs, DBMS

Experience

Summer Intern – Generative AI

June 2025 – July 2025

Smart Internz (AKTU) | Remote

- Completed structured training in **Generative AI and Prompt Engineering** and built AI-based applications using Google AI Studio and Gemini APIs.
- Developed and experimented with AI-powered applications and [chatbot](#) using Gemini APIs.
- Collaborated on mini-projects focused on applying AI models to real-world problem statements.

Projects

[IntelliGuard – AI-Based Fire & Smoke Detection System](#) / Python, YOLO, FastAPI, OpenCV

November 2025

- Developed a real-time fire and smoke detection system using deep learning and computer vision techniques.
- Implemented YOLO-based object detection for accurate identification of fire and smoke in live video streams.
- Designed **REST APIs using FastAPI** to serve model inference with low latency.
- Built an interactive Streamlit dashboard for real-time visualization and monitoring.

[Navi-Guide – Online Guide Booking System](#) / Django, MySQL, React.js, Tailwind CSS

July 2024

- Developed a full-stack web application for online guide discovery, booking, and management.
- Implemented **user authentication, role-based access, and booking workflows** using Django.
- Built a React.js frontend with reusable components and responsive UI using Tailwind CSS.
- Designed and integrated RESTful APIs with MySQL for secure and efficient data handling.

Awards & Certifications

- | | |
|---|------|
| • HackWithInfy – National Coding Challenge (Infosys) | 2025 |
| • Generative AI Internship Certification – SmartInternz | 2025 |
| • Solved 300+ DSA problems on LeetCode & GeeksforGeeks | |
| • React.js, Django, JavaScript Certification – Udemy | 2023 |
| • Python Certification – UCER | 2023 |

Education

B.Tech Computer Science

United College of Engineering and Research, Prayagraj

Graduated: 2026

CGPA: 7.7 / 10
